

TROPICAL SWIMMING POOL

QUALITY CERTIFICATE 2017

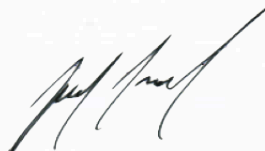

Based on the world's most respected standards for recreational waters, the
GERMAN SWIMMING POOL QUALITY STANDARD
Adapted by the silkwaters® scheme for the tropics which includes all necessary
practices of a sustainable quality pool management

THAI GARDEN RESORT **Pattaya, Thailand**

achieves

Disinfection security as in public swimming pools in Germany based on DIN 19643

Highlights: 24 h/day safe for swimming due to continuous control of disinfection power
Particular attention is given to the removal of parasites due to potentially high environmental impacts in the tropics
Only water treatment chemicals are used which are approved in Germany
All water test data are reported to and controlled by Dr. Josef Konrad
