

TROPICAL SWIMMING POOL

QUALITY CERTIFICATE 2018

THAI GARDEN RESORT Pattaya, Thailand

achieves

Disinfection security as in public swimming pools in Germany based on DIN 19643

Highlights: Safe for swimming thanks to professional control of the disinfecting efficiency.
Because of high environmental pollution by parasites in the tropics attention is paid to their removal in the water.
Only water treatment chemicals and water test methods approved in Germany are used.

A handwritten signature in blue ink, appearing to read 'Dr. Josef Konrad'.
